Dear Ross,

As Custodian of Records for Los Angeles Animal Services and the primary contact for receiving and completing Public Record Act requests I have to ask, if you say you need 24 days to compile a list of the Public Record Act requests being made through you... is there no log sheet currently maintained to document these requests being made and when they are completed?

the information is in different files and must be compiled. As I am not a systems person, I don't know how long it takes. It should not be more than the 24 days allowed.

Ross,

In the past, I believe you told me the request for information log was an Excel file that someone on staff was maintaining. Are you telling me a copy of this file can not be copied and sent within 10 days and a 14 day extension is needed?
